Running the Streamlit App

1. **Open Anaconda Prompt:**
   - Go to your Start menu, search for "Anaconda Prompt," and open it.

2. **Navigate to the Folder:**
   - Use the cd command to change directories to where model.py is located.
   - Example: If your file is in the **Documents** folder, enter:

```
(base) C:\Users\pathu>cd Documents

(base) C:\Users\pathu\Documents>streamlit run model.py

  You can now view your Streamlit app in your browser.
